## About Us

Torek Engineering is an indigenous company incorporated on September, 2011 under the laws of Federal Republic of Nigeria with RC No: 980932 to deliver quality services to the Oil and Gas and Allied Industries without compromising on the safety and protection of the environment.

Torek is an engineering, procurement construction/fabrication, installation and commissioning company with administrative office at E Plaza, 12 Ebony Road, Off Rumuola Road and fabrication yard located at Plot 14 Shell Agbada 2 Location Road, off Airport Road, Igwuruta, Port Harcourt, Rivers State.

Torek Engineering Ltd also render quality services in Environmental Consultancy, Waste Management, Oil Spill Clean-up, Marine and Haulage Services.

Principally, Torek is focus on the upstream Oil & Gas and downstream industries. We provide high quality services at cost-effective rates to ensure client satisfaction by recruiting a team of experienced staff for execution of timely and quality projects.

Torek Engineering is known for its capability to deliver on time highly complex projects to various clients without compromising on quality and safety within the stated budget.

We have over 9 years' experience of project executed and under execution.

## OUR BUSINESS APPROACH

Torek Engineering Limited is to continuously improve its position as a preferred provider of engineering, procurement, construction/fabrication, installation and commissioning services by delivering timely and quality services at affordable prices.

Torek achieved this by providing consumers with self and efficient operation. Torek perform high quality operations by combining state-of -the-art equipment with experienced and skilled employees to deliver quality services.

Torek demonstrate high level of respect to the host communities. Our communities' relations plan is purposefully focused at ensuring a cordial and peaceful co-existence with the host communities in our areas of operation. Torek provide friendly environment to all stakeholders.

## Vision:

Our vision is providing top quality service and be known for perfection and quality of work. We strive to stand out above our competitors and give our clients what they pay for.

## Mission:

Our mission is to provide service and solution to all of our clients which are cost effective yet of world class values and quality.

Torek Engineering Limited has its business built on the following core values.

- ❖ The highest integrity
- ❖ Delivery on time
- ❖ Team work
- ❖ The quality of our work
- ❖ Technical and organization innovation
- ❖ Respect
- ❖ Accountability

# OUR SERVICES

## OUR RANGE OF SERVICES

### CIVIL/STRUCTURAL ENGINEERING

#### Construction works

- ❖ Pile Foundation
- ❖ Road Construction & rehabilitation
- ❖ Construction of Bridges
- ❖ Shore Protection
- ❖ Dredging
- ❖ Jetty Construction
- ❖ Telecom Mast Tower Installation
- ❖ Construction of Mobile Network Base Transceiver Stations
- ❖ Concrete on Grade Floors
- ❖ Drilling and Cutting of Concrete Structures etc.

### Geotechnical and Soil Engineering

- ❖ Subsoil Investigation
- ❖ Geophysical/geological & hydrographic Investigations

### Water Projects

- ❖ Pressed corrugated steel tanks
- ❖ Fabricated steel tank towers
- ❖ Braithwaite or plan steel tanks
- ❖ Concrete tanks
- ❖ Drilling of water boreholes for domestic, public and irrigation use
- ❖ Water treatment (in case of riverine areas where is sourced from river, creak and pond)
- ❖ Underground

# Torek Engineering Limited

*...determined to deliver top quality services*

### **MECHANICAL ENGINEERING**

- ❖ Structural Fabrication
- ❖ Pipeline and flow line construction
- ❖ Facilities Construction
- ❖ Compressor stations modification & upgrades
- ❖ Piping Fabrication
- ❖ Platforms maintenance and services
- ❖ Manifolds/Headers construction and hook-up
- ❖ Modification & maintenance of flare stacks and installation of new ones on remote ignition system.

### **INSPECTION/PROJECT MANAGEMENT SERVICES**

- ❖ Weld Inspection (MPI, UT, Radiographic X-ray etc.)
- ❖ Pipeline and tanks corrosion control & containment.
- ❖ De-rusting of corroded surfaces
- ❖ Sand or grit blasting
- ❖ Painting & pipe wrapping
- ❖ Ground bed installation
- ❖ RTD-DFT pipe scan

### **ELECTRICAL/INSTRUMENTATION OF WORKS**

#### **Electrical works**

- ❖ Rural Electrification, construction of Sub-station and transmission line up to 132KV.
- ❖ Cathodic Protection system
- ❖ Installation and wiring of Electric motors. Etc

#### **Instrumentation Works**

- ❖ Calibration of control valves, pressure flow, and level and temperature instruments as may be required in the process industry.
- ❖ Installation of Peco Filter/Instrumentation Gas system.
- ❖ Running/testing of signal, impulse lines. These are either capillary, stainless steel tubing, or control cables.

# **Torek Engineering Limited**

*...determined to deliver top quality services*

## WASTE MANAGEMENT/TECHNICAL CLEANING SERVICES

- ❖ Hazardous Waste Management such as drill cuttings, waste water, refinery waste etc
- ❖ Non-Hazardous waste, waste recycling, Tank Cleaning, Oil-spill clean-up etc

## HAULAGE AND MARINE SERVICES

- ❖ Land/Sea Transportation
- ❖ Land/Sea Logistics
- ❖ Offshore Operation Support/Delivering Services

# Torek Engineering Limited

*...determined to deliver top quality services*

# PROCUREMENT SERVICES

Torek Engineering Limited is original equipment manufacturers' distributor for a variety of world class oil industry products and equipment and offer post installation, after sales service with provision for in country stock holding/inventory for prompt delivery of critical services spares.

We have the reach and means to procure materials from around the globe through a wide suppliers/stockiest network worldwide.

- ❖ Overseas procurement through our trading partners/buying houses.
- ❖ Local Stacking/Warehousing
- ❖ We supply materials in Stainless Steel, Carbon Steel, Alloy Steel, Brass, Copper, Copper Nickel and Duplex which are as under:
- ❖ Tube fittings
- ❖ Butt-weld fittings
- ❖ Flanges
- ❖ Forged & Screwed fittings
- ❖ Pipes & Tubes
- ❖ Washers, Sheets & Plates
- ❖ Fasteners
- ❖ Steel Plates
- ❖ Bolt and Nuts, gaskets-ring type joint
- ❖ Metal/Asbestos gaskets

*...determined to deliver top quality services*

## FITTINGS/FLANGES

Butt-weld Elbows, Tees, Reducers, Caps to ASME B16.9 and 16.28 Forged Fittings to ASME B16.11. Weld Neck, Long Weld Neck, Socket Weld, Blind, Slip ON, and Orifice Flanges in all pressure ratings, with Raised Face. Flat Face or Ring Type Joint as required to ASME B16.5 & 16.4

Specifications: ASTM, BS, NF, EN/DIN and special customer requirements  
 Materials: Carbon/low temperature, Alloy, Stainless, Copper-nickel alloys  
 Manufacturing process: Forged, Wrought, Welded, and Fabricated.  
 We provide Equipment & Material specification.

*...determined to deliver top quality services*

## LINE PIPES, STRUCTURAL STEEL & OCTG

We supply line pipes of various diameter. Structural Steel such as Beams, Plates, Tubular and Casing. We are in partnership with a number of internationally recognized and approved mills. We supply large bore welded pipe in ERW, LSAW, HFI and Spiral DSAW, in varying qualities and grades as high as X80.

### OUR PRODUCTS INCLUDE:

- Seamless Line Pipes
- Welded Line Pipes (including ERW, DSAW, LSAW & HFI)
- Drill Pipes
- Seamless OCTG
- Premium Connections
- Structural Steel
- Beams
- Plates
- Stainless Steel Pipes
- Tubular and Casings
- Fittings & Flanges (including Elbows, Tees, Caps & Reducers)

All materials are international standards such as ASTM, ASME, API, En and DIN. Equivalent DIN and other international grades, can also be supplied

## VALVES

Torek Engineering is positioned as a major supplier of all types of valves for all major projects procurement needs covering Ball valves, gate valves, SDV check valves, butterfly valves, globe valve, cryogenic valves, custom made valves for oil and gas.

*...determined to deliver top quality services*

## ROTATING EQUIPMENT (PUMPS AND COMPRESSORS)

- High Pressure Reciprocating Pumps
- High-speed centrifugal pumps
- Dosing pumps
- High-speed compressors

**Torek Engineering Limited**

*...determined to deliver top quality services*

Torek Engineering Limited's commitment is to provide the highest quality scaffolding solutions in Nigeria, tailored to the requirements of various applications.

Torek Engineering Limited has made strong relationships with leading partners whose experience will assist us to evolve and advance.

Our Health and Safety Policy is at the heart of Torek Engineering Limited and we are committed in providing a consistently high standard of safety throughout every one of our projects

## **JOB EXPERIENCES**

### **PROJECTS EXECUTED BY TOREK ENGINEERING**

1.	Project: Structural Design & Supervision of Alteration Remodelling Office Complex of Produce House Client: River State Government at Moscow Road, P.h, Rivers State.
2.	Project: Structural Design & Supervision of Office Block Annex of Produce House Client: River State Government at Moscow Road Port Harcourt, Rivers State.
3.	Project: Structural Design & Supervision of Prototype E-Libraries for Universal Basic Education Commission Client: Federal Govt. of Nigeria.
4.	Project: Structural Design of Norwegian International Secondary School Client: Integrated Company at G.R.A II Annex Port Harcourt, Rivers State.
5.	Project: Structural Design of Two Storey Office Complex Building Client: Gen Salisu Ibrahim at Forces Avenue Old G.R.A Ph River State.
6.	Project: Structural Design of Church Building Client: St. Bartholomew Anglican Bera Deanery at Gokana L.G.A, R/S
7.	Project: Structural Design of Multi-Purpose Halls Client: Hilltop Church Intl at Port Harcourt.
8.	Project: Structural Design of proposed four storey BOT Hostel Block at Awka, Anambra State Client: Nnamdi Azikiwe University, Awka, Anambra State .

### **MECHANICAL/ELECTRICAL WORKS**

9.	Project: Fabrication and Installation of Wellhead Platform for Well 5. Client: The Shell Petroleum Development Company of Nigeria Limited.
10.	Project: Imo River Well 60 Flow Line Replacements and Hook- Up. Client: The shell Petroleum Development Company of Nigeria Limited.
11.	Project: Kolo creek Well 25 Flow Line Replacement and Hook -Up. Client: The Shell Petroleum Development Company of Nigeria Limited.
12.	Project: Fabrication and erection of 70KL slop pressure tank (API 620). Client: Indorama Eleme Petrochemical Company.
13.	Project: Design and Installation of Cathodic Protection System for 70KL slop pressure tank. Client: Indorama Eleme Petrochemical Company.
14.	Project: Fabrication of 18nos clamps, camping/flushing of 20" x 38km Client: SPDC Kolo Creek to Rumuekpe Trunk line.
15.	Project: Electrical designs and preparation of tender documents of NODC Water scheme in Abia State. Client: NODC.

### **HAULAGE SERVICES**

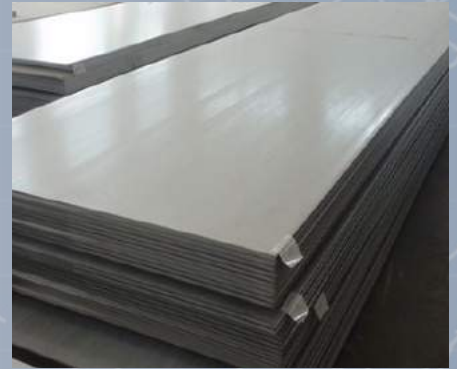

16.	Project: Haulage of Chipping for Road Construction Client: Enerco Nigeria Limited
-----	--

### **WASTE MANAGEMENT**

17.	Project: Hazardous Waste Management Client: Ibom Power Company Limited
18.	Project: Tank Cleaning of diesel storage tanks, treatment and disposal of tank bottom Client: Alcon Nig. Limited
